Student Responses:

“Students should be sent home to enroll in Volusia Live, this is their warning. Students refusing to wear a mask should not be allowed to pose a risk or hazard to their classmates.”

“I am thankful that I have the opportunity to attend the Brick and Mortar setting that is being offered so that I can be educated and learn in the most normal setting possible. There is an option for students not wanting to wear a mask, Volusia Live.”
Elementary School Responses

- Students reporting to school without a mask will be provided a mask along with parent/s being contacted.
- Students refusing to wear a mask will be placed in isolation with Social Distancing along with parent contact and written warning.
- Students refusing to wear a mask after being provided with one will be sent home. If parent is refuses/does not agree with the policy, contact will be made with the School Social Worker.
- After third refusal, it becomes a distraction and is disruptive to the other students. Parent should be required to pick student up from school and a change of setting becomes necessary. Student/s should be enrolled in Volusia Live where masks are not required.
Middle School Responses

- First Offense - Warning, provide mask, contact parent. If student refuses, parent must pick up student.
- Second Offense - Provide mask and contact parent
- Refusal and second offense - Send student home/Volusia Live for 14 days/Re-entry meeting required upon return.
- Third Offense - Enroll student in Volusia Live where masks are not required.
High School Responses

First Offense- provide masks to students, document names. Refusing to wear a mask, parent must pick up the student.

Second Offense - Provide mask and contact parent.

Continuous refusal becomes a health issue. Refusal is disruptive to classmates, faculty, and staff.

Students who continue to refuse to wear masks are making a choice to refuse (it’s their choice to refuse). Student must enroll in Volusia Live where mask wearing is not required. The student/students have made the decision to refuse.
