Policy

STAFF PARTICIPATION IN COMMUNITY ACTIVITIES

Purpose: To define the board's policy guidelines for staff participation in community activities.

Employees have a professional responsibility that extends beyond the work site and hours of service. Employees should welcome opportunities to interpret the school system to members of the community. Therefore, the board expects employees to be well informed concerning the educational philosophy, goals, policies, administrative rules and programs of the district so that employees can answer questions accurately and in a straightforward manner. they can communicate such information accurately to citizens of the district.
