Principal Evaluation

The district will use the South Carolina Department of Education’s (SCDE) Office of School Leadership Program for Assisting, Developing, and Evaluating Principal Performance (PADEPP) and its associated Performance Standards and Criteria for Principal Evaluation as adopted by the State Board of Education (SBE) for the purpose of conducting evaluations of principals and guiding their professional development. The superintendent may add standards and criteria as established by the principal and superintendent in collaboration. The district may use an approved alternative evaluation process that meets state and national standards.

The district will establish a professional development plan (PDP) for each principal, based on the state evaluation program’s performance standards and criteria and the school’s renewal plan which address the principal’s identified strengths and weaknesses.

The district will ensure that principals receive awareness training that includes detailed information regarding PADEPP and the PADEPP evaluation instrument. The district will also ensure that the superintendent and the superintendent’s designee(s) are trained as evaluators of principals. The district coordinator for PADEPP will be responsible for administration of the PADEPP program and will submit annual assurances and required principal evaluation data to the SCDE as required by state law and regulations.

The district will utilize the results from principal evaluations in decisions regarding principal development, compensation, promotion, retention, and removal. Satisfactory performance on an evaluation does not guarantee reemployment as a principal.
