Purpose: To establish the basic structure for instruction in the district.

The board of Richland County School District Two is legally responsible for meeting the needs of persons of all ages for elementary and secondary education.

In establishing an educational structure to provide the required programs, the board chose an elementary (K through five), middle school (six through eight) and senior high school (nine through twelve) form of organization.

We also maintain an alternative school for interim placement that serves elementary, middle and high school students.

The district will provide pre-school, child development and adult/community programs structured to meet the needs of the citizens of the district.
