**IHCF Child Care Programs**

Issued 7/03

**Purpose:** To establish the board's vision for child care programs. 

The board recognizes the difficulties parents/legal guardians experience in providing supervision of younger students before and after regular school hours. Based upon available resources and the demand for child care services, the district will provide extended day experiences for children/students in the district. These services will be funded by parents of participating children.

South Carolina law provides stipulates that boards will provide school age childcare programs or facilities. Specifically, a board will provide at least one of the following:

- A school-aged child care program for children aged five through fourteen years that operates before or after the school day, or both, and during periods when school is not in session.

- A school age child care program that operates during periods when school is in session for students who are enrolled in a half-day kindergarten program.

- Classrooms, other space, or both, in a school for use by an organization that is operating a school age childcare program before or after the school day, or both, and during periods when school is not in session for children aged five through fourteen years. The board district may enter into a long-term lease with a corporation, community service organization, or other governmental entity to provide a childcare program. If the property subject to the lease is being paid for from money in the district's debt service fund, all proceeds from the lease will be deposited in the district's debt service fund until the property is paid for. If debt on the property has been satisfied.

If required and as appropriate, the school age childcare programs will be licensed.

The district will operate extended day programs in accordance with appropriate state and federal regulations. The administration will develop rules and regulations as needed to ensure the safety, order, proper administration and monitoring of the programs as needed. The final decision regarding the implementation and continuation of these programs rests with the board.
Adopted 7/1/03; Revised
