IKAB Report Cards/Progress Reports

Issued 7/03 Draft/19

Purpose: To establish the board's vision and the basic structure for issuing report cards for students.

The district recognizes that regularly issued quarterly report cards, combined with scheduled parent-teacher conferences, serve to promote a process of continuous evaluation of student performance. At all levels, the information provided on report cards should give the parent insight into the student's achievement.

Report cards are issued provided each six weeks or nine weeks with interims being sent periodically before the end of each grading period. Ongoing access to grades is available to parents/guardians through the district's student information system. Parents/guardians may access the district's student information system using their personal electronic devices. Additionally, access will be provided at school/district sites as needed.

All report cards and transcripts will use numerical grades for courses carrying Carnegie units. These grades will be based on the uniform grading scale as established by the state board of education (see policy IKA, Grading/Assessment Systems).

Adopted prior to 1972; Revised 7/1/03,^1
