Purpose: To establish the basic structure for the conduct of student athletic activities.

Rules of the South Carolina High School League (SCHSL) govern interscholastic athletics.

Athletic directors are responsible for administration and supervision of local athletic programs, including the conduct of fans at athletic events.

These rules require that the principal be ultimately responsible in all matters that concern interschool contests. The league also holds him/her responsible for the vote of the school on all conference and league issues.

Rules and regulations of the SCHSL league cover the age, health, transfer, scholarship, amateurism, etc. of students engaging in interscholastic athletic contests; the qualifications of head coaches; the sponsorship, supervision and number of games; practice and playing seasons; the fulfillment of interscholastic contracts; the employment of game officials; and other matters important to sound administration of high school interscholastic athletics.

The requirements for participation in interscholastic activities set out in Policy JJ will also govern participation in interschool athletics.

**Dual Sports Participation**

During the season for any high school league sport, except football, a student who is a member of a school team may participate on an independent team under the following conditions:

- Participation does not interfere with the scheduled league games or practices of the school squad or team;

- A signed statement is on file with the school’s athletic director to include parent/legal guardian permission for the student to participate in dual sports as well as signed acknowledgement by the independent coach that the student’s participation will not interfere with scheduled league games or practices.

A school or student will not be declared ineligible for participation in an interscholastic high school league sport, except football, because of dual sports participation under this policy.
